Assessments for Insight

Assessments designed to explore the whole person

- Assessments add valuable data to coaching & training activities – both individual and with teams
- Online & automated solutions take away the paperwork & logistical headaches
- Comprehensive personal & professional tools providing resources to support insight, discovery, growth & development
- Assessment only or combined assessment & coaching packages available

The Core Assessments

DISC: The world's #1 behavioral profiling tool designed to develop self-awareness, intentionality, collaboration & communication

EIQ-2: By understanding & managing our emotions, we can improve decision making, leadership & effectiveness and better regulate our impact on others.

Critical Thinking: Uses the Hartman Value Profile to measure critical processing patterns, thinking strengths & overall judgement skills

Motivators: Measures the 7 dimensions of motivation that drive behavior & decisions. Explores why we are driven to do what we do & what we value.

Learning Styles: How we prefer to take in, retain & recall information, maximizing learning transfer & training efficiency

360 options available – DISC, EIQ-2 & Leadership Effectiveness

Who We Are

Perception Insights is a business development organization focused on **performance, learning and community**.

Through coaching, training and consultancy, we support passionate leaders and business owners on their journey to **unlocking the true potential** in themselves and their businesses.

We are retained by some of the **world's top training companies** to work with their clients as subject matter experts, and to train and accredit their trainers.

We have **expertise** in business strategy, leadership development, relationship building, networking, behavioral styles and team effectiveness.

Perception Insights draws on the **commercial and leadership experience** of Rebecca Maxwell.
